Math Olympiad Programme

Recmel
Resource Centre for
Math Educators and Learners

20 years of experience of providing Math Olympiad training with excellent track records

RECMEI is founded by Dr Chua Seng Kiat, a renowned mathematician who has served stints at Brown University and the National University of Singapore. Dr Chua has trained the Singapore National Teams for the International Mathematical Olympiad since 1994. RECMEI has produced many winners in past Math Olympiad competitions.

The objectives of this Mathematical programme are four-fold:

- To develop higher-order problem solving skills
- To stimulate creative and critical thinking in mathematics
- To provide deeper insight on challenging Mathematics
- To prepare for mathematical competitions

Students who obtain 80 marks (mainstream) and above in the school assessments are encouraged to sign up for the programme. GEP students are welcome too.

A.A.C. Science Programme

This programme focuses on striking a balance between **experiential** discovery and **applied** learning. It encourages students to see learning of science as a meaningful and fun process.

Based on the latest science curriculum framework, the programme caters to the interest and cognitive ability of the students. Students will get to participate in **hands-on experiments and activities** as they learn to apply knowledge acquired to practical senses. Our innovative revision exercises will also allow students to integrate theory with practice.

CHINESE MARTIAL ART

This course provides formal training in Chinese Martial Art, which helps to develop the children's mind and body. Children will be trained and selected to take part in competitive events.

About the Chief Instructor

Ms Xue Jun Hua graduated from Beijing Physical Education Institution (Martial Arts). She has won many championships in competitive events like sword play and cudgel. She is a National Grade judge, and she has over 30 years of teaching experience. Many of her students have attained accolades in various international competitions, notably top placings in the annual National Inter-School Wushu Championships.

Course Content

- Basics of Chinese Martial Arts and martial exercises that suit children's physical growth.
- Training in sword, spear, cudgel and other weapons.

Note: New students will need to purchase Wushu attire - shirt \$15, pants \$20 and shoes \$18

GROUP VIOLIN CLASS

edvox
music school

The aim of this group violin course is to provide basic introduction with progressive method to study the art of violin playing as a leisure activity, with a view to orchestra playing or advancing to individual lesson in the future. The curriculum is designed to encourage the development of all-round instrument skills, musical skills, ensemble skills and music theory.

After completing the beginner course (first semester – 2 terms), students will typically be able to show that they have acquired a basic technical foundation on their instrument; they will demonstrate some music interpretation through variations in dynamics and articulation, with a limited variety of pace. They will perform audibly, with a sense of enthusiasm and enjoyment and with some awareness of audience.

ABRSM Examination

ABRSM Exam will be optional for recognized progress certification.

FREE VIOLIN Promotion

We will be providing new students with new violins **free of charge** limited to this recruitment exercise only. A continuous two (2) terms contract is required.*

Ballet Class

"Ballet is a graceful disciplined art, but it is also Expression, Education, Encouragement and Enjoyment" - CSTD

The basis of this dance programme is Classical Ballet – a structured dance form which provides the basic foundation for many other kinds of dance. Using the CSTD Syllabi, the programme will improve posture, develop poise and coordination, and increase the attention span and musical awareness of students. Our instructors have excellent track records of competition and examination results, and they will ensure that children learn not only how to dance, but how to love dancing.

Modern Jazz is our new CSTD Syllabi programme, and it combines rhythm, expression and techniques perfectly blended with popular and street music. The smooth and syncopated moves of Jazz allow dancers to use their body as an instrument to portray the various styles. Benefits of Jazz include increased strength, flexibility and endurance.

CSTD (The Commonwealth Society of Teachers of Dancing) is an authoritative examining body. It is one of the main Ballet, Jazz, etc syllabi in Singapore currently. There are 6 Grades of Children Ballet and certificates will be issued upon passing the annual grading examinations.

For enquiry or registration :

As featured in the CNA news, this innovative programme is suitably designed as an enrichment activity for students aged 7 to 12 as it covers multiple areas of coding.

ROBOTO CODING ACADEMY

NEW

Lessons are structured on a per-year basis and students will discover the fun of coding in a progressive manner. Young Coder Programme will impart code literacy in key subject areas while continually building up the student's ability to think critically, logically and creatively. Students will receive certification upon successful completion of each Coder Level.

YC-03 "Robotic Escape" is the newest Level we are rolling out in Rosyth for 2021. It utilizes a STEM educational mbot to teach and promote hands-on creation, robotic machinery and block-based programming.

Coder Level	Platform	Course Title	Subject Area
YC-01 (open to P1&2)	Touch Typing & Scratch Jr	First Steps into Coding	Touch Typing and Game Design
YC-02 (open to P2 to P4)	Scratch	Young Gamemaker	Game Development
YC-03	mBOT	Robotic Escape	Robotics
YC-04	HTML / CSS	Website Wizard	Web Development
YC-05	Python	Young Computer Scientist	Computer Science

BADMINTON

Badminton is one of the fastest sports in the world, so players will have to be alert at all of times. Children who play badminton will develop better balance and coordination as the sport promotes harmonious interaction of their mind & body.

Skills that student will acquire:

- Exercise for body coordination
- Grip and Lift: forehand & backhand
- Skills: lob & smash, drop shot, net return, etc
- Footwork (from basic to advanced)
- Rules, regulations and etiquettes

Congratulations

Rosyth
Number 1

About the Instructors

Coach Sun is a former China National Team player, and he has over 20 years of coaching experience. He is a former coach for the Singapore National Team and his accolades include coaching China national team in the 1990s.

Coach Shang was awarded "International Master Sportperson" 1988 by the China Olympic Council. She had coached for Hubei (China) and Sanyo (Japan) as well as Singapore teams.

TAEKWONDO

Register

Course Code: 12

Taekwondo provides both fitness and mental benefits, as it unifies the body and mind.

Our lessons are tailored to your child's age and skill level. Your child begins by practicing basic patterns and forms, board breaking, kicking, blocking, striking, and punching. These fundamental skills increase your child's physical coordination, flexibility, balance, and mental acumen.

Taekwondo benefits:

- enhance your child's athletic abilities and self-awareness,
- improve your child's capabilities in self-defense,
- develop discipline by heightening your physical and mental powers.

You did it!
Congratulations

Kudos to our Rosythians for taking part and also achieving 100% passing rate in the Sept 2020 grading exam!

Enquiry: Coach Robin 9006 6326

For cheque payment, make payable to : "**Zenith Fitness Singapore**"

In partnership with The TENG Company, we are privileged to invite you to come discover our programme for an array of Chinese Orchestra instrument. The aim of this programme is to equip participants with skills of instrumental playing and be able to perform solo repertoires. Participants will also be taking part in the Chinese Music Instrumental Grading Examinations accredited by the Nanyang Technological University Confucius Institute and The TENG Academy.

Sat classes available for : Pipa, Suona, Percussion, Dizi, Ruan, Double Bass, Sheng, Erhu, Yangqin and Cello

Course Code: 13

Contact Nick at 9018 9413 to check on the latest available class time slots. We shall start a class once there are 2 students signed up for a specific instrument for each allocated time slot. (Each session is 1 hour for 2-student to 1 instructor class. Alternatively, subject to instructor availability, for 1-to-1 session the class duration is 30 min.)

Enquiry : Mr Yang 6970 0771

PSG President's Message

Rosyth School Parent Support Group (PSG) is a non-profit voluntary organization. Our aim is to bridge the communication between the school and the parents as well as to organize exciting programmes for our Rosythians. For the past two decades, Rosyth PSG has been providing meaningful weekend and holiday enrichment programmes to our pupils. These programmes are tailored to cater to the pupils' interests and broad-based holistic learning needs.

2020 has been a tumultuous year filled with challenges amidst lingering virulent threats. We had to suspend our weekend programmes in March so all our programme providers could reorganize their modus operandi. We resumed full fledge in July via online platforms and we were able to complete our programmes.

Moving forward, as we continue to adapt to the new normalcy, we shall closely adhere to the government guidelines and enforce precautionary measures to resonate government's efforts to mitigate the spread of the pandemic. To assure continuity of learning, our programmes for 2021 will still follow MOE guidelines and be a union of e-learning platforms and physical classroom setting if the shroud of the Covid-19 persists. We truly appreciate your kind understanding and support as we strive to safeguard a healthy environment for our students and instructors.

Rosyth PSG takes great pride in collaborating with the school and parents to support the pupils in their learning and character development. We will strive to continue improving our service so pupils can be better prepared for the demands of the coming future. As always, your constructive feedback will be much appreciated.

For more information on our programmes, join us as a PSG member or if you like to get involved, please visit www.rosythpsg.com

**Terms and Conditions**

- The programmes have limited vacancies so enrolment will be on a first-come-first-served basis.
- No cancellation/ refund is allowed upon payment. Fees paid are not transferable/pro-rated in the event of no show/absenteeism/withdrawal.
- In view of the uncertainties brought on by unforeseeable causes (e.g. Covid-19), and to resonate government directives, our programmes may switch to a combination of physical classroom setting and e-learning platforms to ensure minimum disruptions and continuity of learning.
- Whilst reasonable precaution will be taken, the programme providers will not be held liable for any injury or property loss occurring in the course of the events, except for such injury or damage that is caused directly by providers' or its agent(s)' breach of legal duty of care.
- Photographs taken during the programmes may be posted on social media for parents/participants to download.
- The programme outline acts as a guide and providers reserve the right to make changes to the syllabus, if necessary, provided the changes do not substantially diminish the described benefits of the programmes for the participants.
- The organizers of these Weekend Enrichment classes reserve the right to not commence the courses should the number of registrants falls short of the minimum number as stipulated by the programmes. Fees paid will be fully refunded.
- The organizers of these Weekend Enrichment classes reserve the right to eject course participants who are disruptive and unruly. Prorated fees of remaining lesson will be refunded.
- Parents agree to receive sms with regard to announcements about the programme matters.
