

This coming school holiday, Rosyth PSG has meticulously prepared the following enriching programmes for our students to support their holistic development. These programmes will be conducted within the school premises with appropriate safe management measures in place. We shall monitor and review our plans in tandem with the MOE guidelines. Under the new norm, we hope we can continue to provide fun and memorable learning experience for our students this school holiday!

#1 Entering the Virtual Reality (VR) with CoSpaces

A coding camp for existing P2 to P5 & all existing Young Coder (YCP) students!

Designed for students aged 8 to 11 years old, this camp introduces the amazing world of CoSpaces to its keen learners. Participants will get undivided attention from our dynamic and expert instructors! With CoSpaces, students build their own 3D creations, animate them with code and explore them in Virtual or Augmented Reality.

Camp objectives:

- Engage and captivate students to enhance their digital literacy skills
- Enable the students to build and code their own create their own stories, interactive art pieces, games and simulations
- Add value to the learning experience so as to motivate students to get immersed in a visual programming language ideal for beginners and be ready for more advanced coding.

Experience VR with our Google VR headset and let the class dive into their ingenious creations!

Participants will receive an e-Certificate upon completion of camp.
