

Rosyth PSG Newsletter

MESSAGE FROM THE ACTING PRESIDENT OF THE ROSYTH PSG

DEAR ROSYTH PARENTS

Hope everyone is doing well! As we step into another exciting year at Rosyth, I'd like to take this chance to thank all our PSG parents for your time and effort in supporting our school community. It's really heartening to see so many of you stepping up to be involved, and we're looking forward to doing even more together this year!

One of the highlights this year is our Weekend Enrichment Programme - a great way for our kids to explore new interests beyond the classroom. Whether it's coding, robotics, or the arts, these fun and engaging sessions allow them to pick up new skills and discover their passions. Open to all Rosyth students, these classes are held on weekends in school, and sign-up details will be shared on Parents' Gateway at the start of Terms 1 and 3 - so do keep a lookout!

We also want to encourage more parents to get involved in volunteering at school activities. Whether it's helping out at school and PSG events, engaging with students, or just being there to lend a hand, your presence makes a big difference. It's a great way to connect with other parents too!

On top of that, we're excited to continue our parent-child activities during the March, June and September school holidays. These will be fun opportunities for families to bond while learning something new together. Whether it's sports, arts & crafts, or nature outings, we hope to create meaningful experiences that bring parents and children closer while making the most of the holidays. More details will be shared soon - so stay tuned!

To help everyone stay updated, we've also launched a Telegram group for PSG members. This will be our main platform for updates, event details, and sharing event photos, so do join us to stay in the loop!

Finally, if you've been thinking of getting more involved in your child's school life, we'd love for you to join the PSG! It's a meaningful and fun way to contribute, and you'll get to know many like-minded parents along the way. The following pages will give you a glimpse of what we've been up to over the past year and what's coming up next.

Looking forward to another great year together!

Dexter Tang
Acting President, Parent Support Group, Rosyth School

2024: A Year in Review

Celebrating PSG Day

From music and performances by our talented PSG kids to a fun DIY corner for the young ones, the 2024 PSG Day was filled with laughter and creativity! Parents, students, and Rosyth staff came together to celebrate the heart of our Rosyth family over a warm lunch, while we also took a moment to appreciate our PSG members who work tirelessly to enrich school life.

Children's Day Magic

Our lower primary students were in for a treat with a PSG-run magic show featuring live animals and even a flying table! The excitement continued with a singalong session, where the kids joyfully belted out their favorite tunes! Meanwhile, PSG parents volunteered at the curriculum experience which saw upper primary students visit various activity booths and complete a special trail for prizes.

Rosyth Care Carnival

Together with the PSG, our P6 students put their creativity and entrepreneurial spirit to work, setting up exciting booths in the ISH and MPH, all for a good cause! From handmade crafts, slime, and friendship bands to mini Foosball, Nerf games, and even Polaroid photos with a friendly dinosaur, there was something for everyone, with proceeds going to charity.

2023: A Year in Review

Pau Making Fun

Nothing brings families together like the joy of making (and eating!) delicious food! At our Pau-Making Workshop for Rosyth parents and children during the March holidays last year, parents and children enjoyed hands-on experience kneading, shaping, and filling their very own paus, all while bonding over laughter and shared memories. Best of all, everyone got to bring home their handmade creations - fresh, warm, and made with love!

... and many others

Parent Involvement Programs:

- Racial Harmony Day
- Recycling Day

Enrichment Program

Explore, Learn & Have Fun with Rosyth's Enrichment Programmes!

Looking for exciting ways to keep your child engaged beyond the classroom? The Weekend Enrichment programme, which takes place during term-time; and the School Holiday Enrichment Programme, for those who prefer a holiday camp, are organised by the PSG, and offer students the chance to explore new interests and develop skills!

Open to all Rosyth students, sessions are held within the school, making it convenient for parents while ensuring a familiar and safe space for learning.

Whether your child wants to sharpen their badminton skills, become a wushu expert, build a robot, or unleash their creativity on canvas, there's something for everyone! Keep an eye on Parents' Gateway for sign-up details. Don't miss out on these fantastic opportunities to learn and have fun!

Don't take our word for it. We caught up with Primary 4 student, Wesley Tang, who attended the comic drawing camp. Here's what he had to say:

Q: Describe the Comic Drawing Camp in three words.

Wesley: Creative, exciting, and fun!

Q: Was it difficult to come up with a story for your comic?

Wesley: No! The instructor gave us lots of ideas and tips, so it was easy to plan my story and draw the scenes.

Q: What was the most creative comic you saw at the camp?

Wesley: Some comics were really funny! I liked how we could mix and match different panels to make cool action scenes.

Q: Would you recommend this camp to your friends?

Wesley: Yes, for sure! If you like drawing, you'll love this camp!
